About Me

Software engineering student passionate about web development, exploring AI, and tinkering with microcontrollers. Outside of tech I'm an origami artist, which taught me skills like patience and structural precision. Skills which I bring into every project I work on.

Skills

Languages: Hungarian (Native), English (C1)

Technical:
   Languages: Python, C/C++, Java
   Web: React, Javascript, HTML, CSS, Tailwind
   Database: SQL (PostgreSQL, MySQL)
   Deployment/Cloud: Vercel, Netlify, Firebase, Docker
   Tools & VersionControl: Git, VsCode, PyCharm, IntelliJ, WebStorm
   Embedded: EFM8, ESP32, CMake, PlatformIO, Arduino IDE

Soft Skills: Creativity, Attention to detail, Patience

Work Experience

Intern - Web Developer: origin/develop Kft. | 3 months, 2025

• Developed and maintained frontend features for a PlatformOS-hosted website using HTML, CSS, JavaScript, and Liquid
• Collaborated in a small agile team, ensuring seamless integration of frontend components with the backend system
• Debugged and optimized code to improve website performance and user experience
• Assisted in version control workflows using Git, ensuring smooth collaboration and code management

Featured Projects

Mobile Game
   • Developed an Android game in Java that tests the user's reaction time
   • Focused on Accessibility and Ease of Use
   • Secure user authentication and real-time database using Firebase

Portfolio Website
   • Built using Vite + React and Firebase, hosted with Vercel
   • Implemented data fetching by integrating with Firebase Firestore
   • Managed continuous deployment using Vercel with GitHub

Education

2022 - Present | University of Szeged, Faculty of Science and Informatics
Software Engineering BSc

2017 - 2021 | Dombóvári Illyés Gyula Gimnázium
High School Diploma
